

# Cabernet Sauvignon

---

Our 2014 Napa Valley Cabernet Sauvignon is composed of grapes from vineyards in Atlas Peak in the eastern hills of Yountville in the west side of the Napa Valley.

The 2014 vintage will be remembered as an exceptional vintage in the Napa Valley. Weather conditions were warm and moderate; not too hot, not too cold. These weather conditions contributed to color and tannin development.

Our 2014 Napa Valley Cabernet Sauvignon has elegance and finesse, and we expect it to drink well through 2018.

---

## EXPECT NOTES OF
