

SAUVIGNON BLANC

The first vintage 2019 Sauvignon Blanc has refreshing notes of lemongrass, citrus blossom, and a tantalizing lime zest finish.

Grapes were picked early in the season, just before Labor Day, to retain natural acidity and keep the alcohol low. It was gently whole-cluster pressed, settled, and cold fermented to retain maximum aromatics.

Oakville is located in the heart of Napa Valley's vineyard expanse and is known to produce some of the most sought after wines in the world. Predominately planted with Cabernet Sauvignon, the white grape counterpart, Sauvignon Blanc also grows exceptionally well.

Luna's Sauvignon Blanc is a favorite companion poolside, at a spa after a massage, or in the yard on a sunny day.

EXPECT NOTES OF

Lemongrass, citrus blossom and tantalizing lime zest finish
